Iterations of Design

- Decided to go with Tableau
- Variables to include in the visualization:
 - Projected Points
 - Ranking
 - Name
 - Team
 - Position
 - Value Over Replacement
 - Standard deviation of projected points

Testing Plan

- Options for User Testing that were not elected
 - Originally using a web-based User Testing site like usertesting.com
 - Looked at using Tableau Online
- Plan for User Testing
 - Test Subjects
 - 5-10 MIDS students who have Tableau or can download Tableau Reader
 - Mix of New and Veteran Users
 - Delivery
 - Use ISVC Meeting to share User screen
 - Step 1 Guided discussion through the dashboard
 - Step 2 User is given a flex player scenario and asked to provide recommendation
